

Dr. Jekyll and Mr. Hyde

by Robert Louis Stevenson

The famous story of the distinguished doctor who succeeds in splitting his personality into two separate characters.

This new dramatisation by Peter Griffith brings to life this famous story of murder, philosophy, fear and poetry - a fascinating mixture of Gothic horror with metaphysical thoughts and psychological tension.

"I have two characters and two appearances. I am both diabolic and divine. That is my nature, as it is the nature of every human creature..."
